What is something specific that you learned through your project this year?

What would you like to learn more about for your project next year? A goal that you have for next year?

What did you like most about your project?

What did you like least about your project?

Project Related Activities

What did you do to learn more about your project and gain more knowledge about your project? (Workshops, Clinics, Prospect Shows, Awards, and Community Service)

Date	Activity

Opening Inventory: Include the following items in your opening inventory: pen, equipment such as feeders, water buckets, fans, show equipment.

Closing Inventory: include all pens and equipment that you have to use for your project for next year.

Expenses and Income Table: Include purchasing price of your animal project, feed, hay, medications. If this is your first year, include equipment that is purchased including pens. If you have multiple projects that you put on the resale truck, that needs to be recorded here as income but not the project that goes thru the auction.

Market project summary table: Assume starting project on chickens to be 2 pounds for every 25 chickens. Use the best estimate of initial weights for all animals when you brought them home. The final weight should be weigh in at the County Fair.

Project Related Activities: list any workshops, clinics, prospect shows, ranch tours, etc that helped teach you about your project.
